ACADEMIC STAFF

Professor/Senior Professor (Chair) in the following Departments:
The area of specialization should be relevant to the Departments.

- FACULTY OF SCIENCE**
 - Department of Chemistry**
 - Professor/Senior Professor of Chemistry (Chair)**
Candidates should have a Bachelor of Science Special/Honours in Chemistry and a Ph.D. in Chemistry.
 - Department of Physics**
 - Professor/Senior Professor of Physics (Chair)**
Candidates should have a Bachelor of Science Special/Honours in Physics and a Ph.D. in Physics.
 - Department of Computer Science**
 - Professor/Senior Professor of Computer Science (Chair)**
The area of specialization should be relevant to the Department.
- FACULTY OF MEDICINE**
 - Department of Psychiatry**
 - Professor/Senior Professor of Psychiatry (Chair)**
Preference will be given to the candidates who have MD in General Adult Psychiatry or any other subspecialty in Psychiatry approved by the Board of Study in Psychiatry of PGIM with Board Certification as a Specialist in Psychiatry.
 - Department of Medicine**
 - Professor/Senior Professor of Medicine (Chair)**
Candidates with MD (Medicine) offered by PGIM, University of Colombo are eligible.
 - FACULTY OF AGRICULTURE**
 - Department of Crop Science**
 - Professor / Senior Professor of Crop Science (Chair)**
The area of specialization should be relevant to the Department.
 - Department of Food Science & Technology**
 - Professor / Senior Professor of Food Science & Technology (Chair)**
The area of specialization should be relevant to the Department.
 - FACULTY OF ENGINEERING**
 - Department of Electrical and Information Engineering**
 - Professor / Senior Professor of Electrical and Information Engineering (Chair)**
The area of specialization should be relevant to the Department.
 - Department of Mechanical and Manufacturing Engineering**
 - Professor / Senior Professor of Mechanical and Manufacturing Engineering (Chair)**
The area of specialization should be relevant to the Department.

Lecturers to the following Departments:

The area of specialization should be relevant to the Departments

- FACULTY OF ALLIED HEALTH SCIENCES**
 - Dean's Office**
 - Senior Lecturer Grade I / Grade II**

OR
Candidates with B.Sc. in Human Biology (Special) degree from a recognized university with postgraduate qualification in the relevant field.
 - Lecturer (Probationary)**
Candidates should have a MBBS degree from a recognized university. Selected candidates would be asked to specialize in the following areas: Physiology, Pathology, Medicine, Surgery, Paediatrics, Obstetrics and Gynecology, Community Medicine.
OR
Candidates with B.Sc. in Human Biology (Special) degree from a recognized university.
 - Department of Pharmacy**
 - Senior Lecturer Grade I / Grade II**
Candidate should possess a Bachelor of Pharmacy (Honours) or B.Sc. Pharmacy (Honours) Degree from a recognized University with Pharmacy-related Postgraduate qualification. Preference will be given to a candidate with a PhD.
 - Lecturer (Probationary)**
Candidate should possess a Bachelor of Pharmacy (Honours) or B.Sc. Pharmacy (Honours) Degree from a recognized University with a minimum of 02 years of professional experience in the field of Pharmacy.
- FACULTY OF ENGINEERING**
 - Department of Electrical and Information Engineering**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed)**
Preference will be given to candidates with a doctoral degree and proven track records in research and development in one of the following areas of specialization: Computer Engineering, Computer Science, Electrical Engineering, Electronic Engineering, Telecommunication Engineering, Biomedical Engineering, Artificial Intelligence, Robotics and Automation.
 - Lecturer (Probationary)**
Candidates should have a B.Sc. in Human Biology (Special) degree from a recognized university.
 - Department of Mechanical and Manufacturing Engineering**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed)**
Preference will be given to those who have Doctoral degrees with a proven track record of research and development in the following areas:
Fluid Mechanics, Computer Aided Manufacturing (CAM), Computer Aided Design (CAD), Hybrid & Electric Vehicle Engineering, Automobile Engineering, Composite Design and Manufacturing, Control Engineering, Industrial Engineering.
 - Lecturer (Probationary)**
Preference will be given to those who have First class or Second class (Upper Division) for the First degree and willing to specialize in the following areas:
Fluid Mechanics, Computer Aided Manufacturing (CAM), Computer Aided Design (CAD), Hybrid & Electric Vehicle Engineering, Automobile Engineering, Composite Design and Manufacturing, Control Engineering, Industrial Engineering.
- Department of Civil and Environmental Engineering**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed)**
Preference will be given to candidates with a doctoral degree and proven track records on research and development in one of the following areas of specialization:
 - Building and Structural Engineering:**
 - Computational Mechanics, Wind & Earthquake Engineering, Bridge Engineering
 - Geotechnical Engineering:**
 - Geotechnical Engineering
 - Transportation & Highway Engineering:**
 - Freight Transport Operations, Land Transport Operations, Management Information, Systems in Transport and Multimodal Transport.
 - Coastal, Hydraulic, and Water Resources Engineering**
 - Fluid Mechanics, Engineering Hydrology, Hydraulic Engineering, Coastal Engineering.
 - Lecturer (Probationary)**
Candidates should have a Bachelor's Special (Hons) degree in one of the following areas of specialization:
 - Naval Architecture:**
 - Ship hull design and Construction, Small craft design and construction
 - Marine Engineering:**
 - Marine Electrical Technology and Measurements, Marine Power and Shipboard Electrical Systems, Marine Engineering Instrumentation and Control Systems, Marine Refrigeration and Air-conditioning, Hydrostatics and Stability of Marine Vessels
- Department of Interdisciplinary Studies**
 - Senior Lecturer Grade I / Grade II / Lecturer (Unconfirmed)**
Preference will be given to candidates with a doctoral degree and proven track records on research and development in one of the following areas of specialization:
 - Mathematics**
 - Engineering Mathematics, Differential Equations, Numerical Methods, Mathematical Modelling
 - Lecturer (Probationary)**
Candidates should have a Bachelor's Special (Hons) degree in one of the following areas of specialization:
 - Mathematics**
 - Engineering Mathematics, Differential Equations, Numerical Methods, Mathematical Modelling
 - Engineering**
- Dean's Office**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed)**
Preference will be given to candidates with a doctoral degree and proven track records on research and development in one of the following areas of specialization:
 - English**
 - Linguistics** - English Medium (English Language Teaching)
 - Lecturer (Probationary)**

 - Senior Lecturer Grade I / Senior Lecturer Grade II**
Candidates should be medically qualified. Preference will be given to the candidates with MD in General Adult Psychiatry or any other subspecialty in Psychiatry approved by the Board of Study in Psychiatry of PGIM with Board Certification as a Specialist in Psychiatry.
 - Lecturer (Probationary)**
 - Department of Physiology**
 - Senior Lecturer Grade I / Senior Lecturer Grade II**
Candidates should have a MBBS or equivalent degree with a postgraduate qualification of Ph.D. or M.Phil. in Physiology related field, or MD (Board certified) in the following fields, MD (Medicine), MD (Endocrinology), MD (Respiratory Medicine), MD (Anaesthesiology), MD (Neurology), MD (Clinical Neurophysiology), MD (Gastroenterology), MD (Nephrology), and MD (Haematology), and MD (Cardiology).
 - Lecturer (Unconfirmed)**
Candidates should have a MBBS or equivalent degree with MD (awaiting Board certification) in a Physiology related field listed above.
 - Lecturer (Probationary)** - MBBS or equivalent degree
 - Department of Community Medicine**
 - Senior Lecturer Grade I / Senior Lecturer Grade II in Family Medicine**
Candidates should have MD (Family Medicine) with Board certification as a Consultant Family Physician.
 - Lecturer (Unconfirmed) in Family Medicine**
Candidates should have MBBS or equivalent with honours or MD (awaiting Board certification).
 - Lecturer (Probationary) in Family Medicine**
Candidates should have MBBS or equivalent with honours, registrable/registered in SLMC as a Medical Practitioner.
Being a Postgraduate trainee in Family Medicine would be an advantage.
 - Senior Lecturer Grade I / Senior Lecturer Grade II in Community Medicine**
Candidates should have MD (Community Medicine) with Board certification as a Consultant Community Physician.
 - Lecturer (Unconfirmed) in Community Medicine**
Candidates should have MBBS or equivalent with honours or MD (awaiting Board certification).
 - Lecturer (Probationary) in Community Medicine**
Candidates should have MBBS or equivalent with honours, registrable/registered in SLMC as a Medical Practitioner.
Being a Postgraduate trainee in Community Medicine would be an advantage.
 - Department of Pathology**
 - Senior Lecturer Grade I / Senior Lecturer Grade II**
Candidates should have MBBS or equivalent with SLMC registration and MD Haematology or Clinical Haematology with Board certification.
 - Lecturer (Unconfirmed)**
Candidates should have MBBS or equivalent with SLMC registration and MD Haematology or Clinical Haematology without Board certification.
 - Lecturer (Probationary)**
Candidates should have MBBS or equivalent with honours, or equivalent with SLMC registration or eligible to apply for SLMC full registration. Candidates should follow postgraduate studies to obtain MD in Clinical Haematology. Candidates following Postgraduate training in Haematology can be an advantage.
 - Senior Lecturer Grade I / Senior Lecturer Grade II**
Candidates should have MBBS or equivalent with SLMC registration and MD in Chemical Pathology with Board Certification.
 - Lecturer (Unconfirmed)**
Candidates should have MBBS or equivalent with SLMC registration and MD in Chemical Pathology without Board Certification.
 - Lecturer (Probationary)**
Candidates should have MBBS with honours or equivalent with SLMC registration or eligible to apply for SLMC full registration. Candidate should follow postgraduate studies to obtain MD in Chemical Pathology. Candidates following Postgraduate training in Chemical Pathology can be an advantage.
- Department of Microbiology**
 - Senior Lecturer Grade I / Senior Lecturer Grade II in Medical Microbiology**
Candidates should have MD (Medical Microbiology) with Board certification.
 - Lecturer (Unconfirmed) in Medical Microbiology**
Candidates should have MD (Medical Microbiology) awaiting Board certification.
 - Lecturer (Probationary) in Medical Microbiology**
Candidates should have MBBS or equivalent with honours, registrable/fully registered in SLMC as a Medical practitioner. Should be able to follow Postgraduate training in Medical Microbiology.
- Department of Paediatrics**
 - Senior Lecturer Grade I / Senior Lecturer Grade II in Paediatrics**
Candidates should have MBBS or equivalent with post graduate qualification of MD and board certified as a specialist.
(Preference will be given to subspecialties - Endocrinology, Pulmonology, Community Paediatrics, Nephrology).
 - Lecturer (Unconfirmed) in Paediatrics**
Candidates should have MBBS or equivalent with honours or MD (awaiting Board certification).
 - Lecturer (Probationary)** - MBBS or equivalent degree with honours.
- Department of Surgery**
 - Senior Lecturer Grade I / Senior Lecturer Grade II in Surgery**
Candidates should have MBBS or equivalent with honours, with post graduate registration of MD and board certified as a specialist in Surgery.
 - Lecturer (Unconfirmed) in Surgery**
Candidates should have MBBS or equivalent with honours or MD (awaiting Board certification).
 - Lecturer (Probationary)** - MBBS or equivalent degree with honours.
- Medical Education & Staff Development Unit**
 - Senior Lecturer Grade I / Senior Lecturer Grade II**
Candidates should have MBBS or equivalent with honours, with a postgraduate qualification of MD/Ph.D. in Medical Education. (M.Sc./M.Phil. can be considered if there is a two year full time research component into a Medical Education related field included).
 - Lecturer (Probationary)**
MBBS or an equivalent degree with honours.
- Department of Anaesthesiology**
 - Senior Lecturer Grade I / Senior Lecturer Grade II in Anaesthesiology**
Candidates should have MD (Anaesthesiology) with Special training in Critical care with Board certification.
 - Lecturer (Unconfirmed)**
Candidates should have MD (Anaesthesiology) with Special training in Critical care awaiting Board certification.
 - Lecturer (Probationary)**
Candidates should have MBBS or equivalent with honours. Registrable/fully registered in SLMC as a medical practitioner. Should be able to follow Postgraduate training in Anaesthesiology with Special training in Critical Care.
Being a Postgraduate trainee in Anaesthesiology with Special training in Critical Care would be an advantage.
- Department of Parasitology**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed) in Parasitology**
Candidates should have MBBS or an equivalent degree with postgraduate qualifications of Ph.D./M.Phil./M.Sc. or MD relevant to Medical Parasitology field.
 - Lecturer (Probationary)**
The basic degree must be MBBS or an equivalent.
- Department of Obstetrics & Gynaecology**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed) in Obstetrics & Gynaecology**
Candidates should have MD in Obstetrics & Gynaecology with Board Certification.

- Department of Gynaecology, Endoscopic Surgery, and Oncology.**
 - Lecturer (Probationary)**
 - Department of Bio Chemistry**
 - Senior Lecturer Grade I / Senior Lecturer Grade II in Biochemistry**
Candidates should have MD in Clinical Nutrition/Chemical Pathology/General Medicine/Internal Medicine/Paediatrics/Endocrinology
 - Lecturer (Probationary) Lecturer (Unconfirmed)**
Candidates should have MBBS or equivalent degree with honours and registered in SLMC.
 - Department of Pharmacology**
 - Senior Lecturer Grade I / Senior Lecturer Grade II in Pharmacology**
Candidates should have a MBBS or equivalent degree, with a postgraduate qualification of Ph.D. or M.Phil. or MD (Board certified) in Pharmacology related field.
 - Lecturer (Unconfirmed) in Pharmacology**

Candidates should have a Bachelor of Arts Special in English/Honours in English Language Teaching or equivalent.
 - Department of Botany**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed)**
Candidates should have a Bachelor of Science Special/Honours in Botany or Plant Sciences and a Ph.D. with the Specialization in Plant Taxonomy/Microbiology (Industrial Microbiology) / Horticulture and Landscaping.
 - Lecturer (Probationary) in Botany**
Candidates should have a Bachelor of Science Special/Honours in Botany or Plant Sciences.
 - Department of Chemistry**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed)**
Candidates should have a Bachelor of Science Special/Honours in Chemistry and a Ph.D. in Chemistry with the Specialization in Analytical/Physical/Inorganic/Organic Chemistry.
 - Lecturer (Probationary) in Chemistry**
Candidates should have a Bachelor of Science Special/Honours Degree in Chemistry.
 - Department of Computer Science**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed)**
Candidates should have a Bachelor of Science / Bachelor of Computer Science Special/Honours in Computer Engineering/Computer Science/Software Engineering/Information Systems and a Ph.D. in Computer Science or equivalent.
 - Lecturer (Probationary) in Computer Science**
Candidates should have a Bachelor of Science / Bachelor of Computer Science Special/Honours in Computer Science or equivalent.
 - Department of Mathematics**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed)**
Candidates should have a Bachelor of Science Special/Honours in Mathematics and a Ph.D. in Mathematics.
 - Lecturer (Probationary) in Mathematics**
Candidates should have a Bachelor of Science Special/Honours in Mathematics.
 - Department of Physics**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed)**
Candidates should have a Bachelor of Science Special/Honours in Physics and a Ph.D. in Physics with the Specialization in Astronomy
OR
A Bachelor of Science Special/Honours in Engineering Physics and a Ph.D. in Physics with the Specialization in Applied Electronics & Signal Processing.
 - Lecturer (Probationary) in Physics**
Candidates should have a Bachelor of Science Special/Honours in Physics.
 - FACULTY OF TECHNOLOGY**
 - Department of Biosystems Technology**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed)**
Preference will be given to the candidates, who have Doctoral Degrees with a proven record of accomplishment of research and development in one of the following areas: Industrial Microbiology, Bioprocess Technology, and Microbial Biotechnology. (Preference will be given to the candidates who have industrial experience in fermentation, polymers and biopolymers, Biopharmaceuticals).
 - Lecturer (Probationary)**
Bachelor's Degree, Specialized in Microbiology. (Preference will be given to the candidates who have previous teaching and industrial experience in Industrial fermentation, Biopolymers, Biopharmaceuticals).
 - Department of Engineering Technology**
 - Senior Lecturer Grade I / Senior Lecturer Grade II / Lecturer (Unconfirmed)**
Preference will be given to the candidates, who have Doctoral Degrees with a proven record of accomplishment of research and development in one of the following areas: Electronics, Electrical Industrial Automation, Mechanical Engineering, or Mechatronics.
 - Lecturer (Probationary)**
Bachelor's Degree in Electronics, Electrical, Industrial Automation, Mechanical Engineering, or Mechatronics. (Preference will be given to the candidates who have previous experience in Biomedical Engineering, Control and Automation, Mechatronics, Robotics and Embedded systems).
